

Hello, my name is Jurate Rimsaite. I work as a teacher of Swedish at Stasys Salkauskis Gymnasium in my native town Siauliai where I have returned after my studies at Vilnius university. I have also studied in Sweden for one year. At school I write, arrange and implement various international projects and travel with my pupils to Sweden and other Nordic countries. Besides, I work as a translator from Swedish and English into Lithuanian and vice versa. I speak Lithuanian, English, Swedish, Russian and I can understand a bit of Danish and Norwegian.

During my free time I like swimming, watching TV, riding a bicycle or just taking a walk. I am honest, sincere, friendly and have a good sense of humour.
