

The Icelandic part of AER have been working on their part of the project which is to prepare for the visit of the Lithuanian group to Iceland. The group has planned visits and tours and it is going to be a busy week for everyone.

The Lithuanian group is arriving next Saturday, the 17th. of March to Iceland and will be in Höfn Sunday evening.

The Icelandic partners went to the kiddy corner of the library some days ago and had that picture taken. We are all really looking forward to see you in a few days.
